### Repair Café

An open meeting was held on Friday 10th May to hear about and discuss the idea of running a Repair Café in Peasedown. The meeting was well attended and it was agreed that the idea should be pursued with the aim of setting up a Repair Café on the Church premises on the 4th Saturday of each month. In order to make it happen we need lots of help! The main requirement is for repairers, but we also need people to help with catering, administration and other roles. Please look out for more information over the next few weeks or contact Rev Ian Souter 01761 433251 or souterfam@aol.com.

### Green Tip of the Week

Kettle energy saving tips:

- Boil only the amount of water you need. Do you need a litre of water boiled? Keep it to the minimum.
- If you heat more than you need put unused water in a thermos.
- Descale your kettle regularly. If it's full of limescale it uses more energy to boil the same amount of water.
