GREEN TIPS

Week Commencing Sunday 24th July

Summer means picnics and barbeques, and disposable food ware is a common choice of convenience. Instead of using paper plates or plastic disposables, why not try to find some eco-friendly alternatives? An even better option would be just to have finger food!

Week Commencing Sunday 31st July

It's sad but wherever you go these days you see litter, so why not volunteer for local litter picking activity near home or perhaps even a beach clean when you go on holiday? You'll feel better for helping and everyone will benefit from the results!
